

PNG Government PG College, Ramnagar (Nainital)

Best Practices 2019-20

Innovative Teaching Practices

Context: The College is affiliated to Kumaun University, Nainital and is controlled and managed by Government of Uttarakhand. The college caters to semi-urban population even though it is situated in an urban area of district Nainital. During the covid-19 pandemic the teaching staff of college voluntarily assisted Uttarakhand Health Department and local administration to manage and reduce the impact of Covid pandemic.

Objective of the Practice:

1. To contribute in reduction of impact of covid-19 among public by creating awareness.
2. To assist Uttarakhand Health Department and Local Administration in managing and controlling covid-19 spread.

The Practice: The lockdown imposed by Government of India in the last week of March affected teaching in the college. Subsequently, the teaching staff of college voluntarily served and contributed in Uttarakhand Government and Local Administration's mission to manage and triumph the pandemic. Four members of College's teaching staff served as Data Input Officers and twelve members served as Sector Magistrates in Covid quarantine centers. The teaching staff created awareness among quarantined persons about the pandemic. The volunteers of NSS, NCC and Rover-ranger also worked extensively to spread awareness about the pandemic and were actively part of many social service activities like mass distribution drives, food distribution camps etc. organized by local administration and their own unit.

Impact of Practice: The college staff voluntarily serving as corona warriors contributed significantly in management and reduction of community transmission by dedicated efforts working with local administration and Uttarakhand Health Department.

Resources: College Funds

Social Inclusiveness During Pandemic

Context: The College is affiliated to Kumaun University, Nainital and is controlled and managed by Government of Uttarakhand. The college caters to semi-urban population even though it is situated in an urban area of district Nainital. During the covid-19 pandemic the teaching staff of college voluntarily assisted Uttarakhand Health Department and local administration to manage and reduce the impact of Covid pandemic.

Objective of the Practice: The teaching staff served as Sector Magistrates in quarantine centers checking and managing their situation simultaneously creating awareness among quarantined persons about the pandemic. The volunteers of NSS, NCC and Rover-ranger also worked extensively to spread awareness about the pandemic and were actively part of many social service activities like mass distribution drives, food distribution camps etc. organized by local administration and their own unit.

The Practice: The lockdown imposed by Government of India in the last week of March affected teaching in the college. Subsequently, the teaching staff of college voluntarily served and contributed in Uttarakhand Government and Local Administration's mission to manage and triumph the pandemic. Four members of College's teaching staff served as Data Input Officers and twelve members served as Sector Magistrates in Covid quarantine centers.

Impact of Practice: The college staff voluntarily serving as corona warriors contributed significantly in management and reduction of community transmission by their dedicated efforts working with local administration and Uttarakhand Health Department.
